Subject: RE: 307 McQuarrie St, Invercargill

To Whom It May Concern:

I dealt with Wealth Buy Property for about 2 years while in the process of looking to purchase an investment property and then making a purchase and having the house built. Over that time I never felt rushed or pressured into making any decisions. Michael and Josie, the two people I dealt with the most, were always helpful and answered any questions I had, provided good service and advice, always returned my messages, and kept me informed at every step along the way.

I have been a customer of WBP Rentals since early 2009 to manage my property in Invercargill. Over that time the service I have received from Hennie and his team has been extremely good. I have always received my rental payments on time, and Hennie keeps me informed with property inspection reports and deals with any issues that arise.

I have no hesitation in recommending Wealth Buy Property and WBP Rentals.

Yours sincerely
Denise Peck
