To Martin & staff,

Many thanks for your help and understanding of our current financial situation.

The last thing we expected was for our NZ Organic Dairy Coop to go into receivership leaving us without an income for six months. You were able to alternate properties to suit us and provide a hassle free outcome.

Our first rental property was concluded with such simplicity and expertise, that we did not want to withdraw our deposit from the second.

We really appreciate your efforts.

Kind regards

Neil & Janette Perrett
